Date: **January 13, 2011**

Engineering Bulletin: **011102**

Effective Date: **1/13/11**

Released By: **Jamie Magnusson**

Subject: **FSS01 Mod using E4TB111 at head**

Description: Effective today, FSS01 Door Subframe modification will use the E4TB111 (400CW 4 1/2" SPLINED SUBFRAME) at the head and will now include attachment screws in the accessory package. E4TB11 will be used at the jambs when using the FSS01 mod. There will be no change in pricing.
