DEPENDABLE

LEADERS IN ECO-EFFICIENT STOREFRONT,  
CURTAINWALL AND ENTRANCE SYSTEMS

Date: **2/11/19**

Engineering Bulletin: **021901**

Effective Date: 2/11/19

Released By: **Jon O'Neil**

Subject: **Supplier Change for  
Standard Hardware Items**

Tubelite continually reviews options that provide the highest quality with consistent availability at the best possible prices. Towards this effort, we have changed suppliers for two of our hardware items.

- The standard overhead concealed closer (*P2120*) is now supplied by Calibre. These closers are interchangeable with International or Jackson closers without modifications or additional parts. Warranty claims for existing International closers will be fulfilled with the new Calibre models.

Adjustable Spring Tension (ADA)  
Overhead Concealed Closers  
Hydraulic Door Closers

CA3300 OHC Series

- Standard locking hardware is now supplied by Ilco. Ilco's hardware is a direct replacement for existing Adams Rite hardware with no prep or component modifications required. Warranty claims will be fulfilled with Ilco hardware unless otherwise noted.

*P2140-DEADBOLT*

*P1424-HOOKBOLT*

*P1421-LATCHLOCK*

*P348-LEVER*

*P1008/P1009 - PADDLE*

- As always, hardware from other suppliers can be requested based upon specification requirements. Leadtimes and pricing will be provided at the time of the request.
