TUBELITE®

DEPENDABLE

LEADERS IN ECO-EFFICIENT STOREFRONT,
CURTAINWALL AND ENTRANCE SYSTEMS

Date: **3/25/16**

Engineering Bulletin: **031603**

Effective Date: 4/4/16

Released By: **Steve DeYoung**

Subject: **New Std. Door Stop for CVR Frames**

To ensure full coverage of the notch for CVR strike clearance, Tubelite is changing its door stop at the header of all affected frames to E4546 - 3/4" X 1 3/32" DOOR STOP. This matches the width of the current E4531, but is 1/4" taller (see below). E4531 will continue to be standard at the jambs, and at the header of all other frames.
